STAGE FLASH

"I was pushing as much as I could but I don't know if it will be enough against Nasser. I miss a little traction when I go out of hairpins, but this stage was nice"

n. 2 Sordo - Marti

"Really difficult, I am trying to finish the rally to take one point for the manufacturer's championship. I am driving without Turbo"

n. 63 Nikara - Kalliolepo

"Very fun, very fast stage, it went well, I didn't take any risks. The car handles well, some problems with engine misfire but it's not too bad."

"Heavy landing after the jump, engine temperatures are high and we need to check it"

n. 149 Brynildsen - Giraudet

"It's quite good, but it's starting to get warm and the engine gets worse, although the temperatures are right. It's a very strange feeling."

STAGE FLASH

n. 39 Bettega - Scattolin

"I knew the stage quite well from the Italian Championship rally, we enjoyed it a lot and the time should be good. We are playing a lot with the set-up, because so far we did not find the best solution, now we are far behind so we can also try something radical"
