Continuing in the opposite direction of the stage you will reach the final part of the Stage, characterized by a fast downhill section where visibility and space for the spectators are be limited by the woods.

**Attention:**

Do not stay along SS389 after the Monte Olia Forestry Range gate not to hinder the way of rally cars which will be moving towards the next stage, as you may risk to cause the stage cancellation.

Also do not try to reach the start of the stage since, due to the narrowness of the road itself, this will be reserved only for the rally cars and will therefore be closed to traffic from 05h10 to 15h00.

Please avoid parking vehicles which could be in the way and may cause a possible cancellation of the stage.
